Gateway Services Group recognizes Financial Resources FCU Investment Representative for Strong Performance

Denver, CO – Gateway Services Group (“GSG”) wants to recognize Kevin Albrecht, Investment Representative from Financial Resources FCU in Bridgewater, New Jersey for his strong performance. Kevin joined Financial Resources FCU as a full-time licensed Investment Representative in October 2009. There were 5 participants in his new broker training class and 11 total Reps were brought on to the broker/dealer CUSO Financial Services, L.P. (“CFS”) during October of 2009. Kevin has generated \$40,275 in GDC YTD 2010, which accounts for 57% of the production of the entire class. Kevin’s \$13,425 average monthly GDC is within the CFS “production start-up” benchmark for successful Reps. Kevin’s strong performance along with the strong performance of the credit union’s other Advisor, Brian Karl delivered Financial Resources FCU’s best quarter with a 259% increase over their prior period performance. Kevin’s quick start has gained him recognition from both GSG and his broker/dealer, CFS. We feel he’s on track to be among some of our top advisors.

“One of the key factors driving success for an Investment Representative is the support from the Credit Union and its executive team,” said Cynthia Pollard, National Director of Program Management for GSG. “Financial Resources FCU provides great support for its entire Investment and Insurance Program. Kevin has received strong referrals from the Credit Union’s executive staff and branches which contributed to his strong start.”

“We are very pleased to have Kevin join our Investment and Insurance Program,” said Lena Matthews President and CEO, Financial Resources CU. “He has been a great addition.”

“I have been in the industry for a long time but really appreciated the support I received from both the Credit Union and GSG as my Program Manager,” said Kevin Albrecht. “GSG utilized a comprehensive process and checklist to ensure that all key activities were taken care of so I could focus on serving members. The checklist included providing initial training, registration and licensing, marketing awareness, branch training, educational seminars, direction toward suitable, approved products and connecting with existing clients. This really helped me to achieve these results.”
